- North Carolina Society of Pathologists

Since 1992, Aurora Diagnostics GPA Laboratories, has been honored and privileged to include Dr. John D. Patrick as member of our medical staff. Dr. Patrick is nationally board certified in anatomic and clinical pathology and in cytopathology. Having earned his medical degree (M.D.) from the prestigious University of South Carolina School of Medicine, where he earned election to the Alpha Omega Alpha national medical honor society, Dr. Patrick then completed a three-year medical internship at the North Carolina Baptist Hospital. He culminated his formal medical education with his completion of a five-year residency in anatomic and clinical pathology at the North Carolina Baptist Hospital.

Since 1992, Dr. Patrick has served with utmost distinction as a staff pathologist, GPA, and as the Laboratory Medical Director, Wesley Long Community Hospital, Greensboro. In addition to his national certifications in anatomic and clinical pathology and in cytopathology, he has demonstrated clinical excellence in both the gastrointestinal and liver pathology subspecialties. Dr. Patrick's expertise in cytopathology has also provided significant support in the development and expansion of GPA Women's Health Services

Dr. Patrick has coauthored several scientific articles that were subsequently published in some of our more prestigious medical journals.
